

YSBs LEADING THE WAY

BE STRONG • BE BOLD • BE THE CHANGE

The 2023 Changemaker Summit brings together more than 300 Youth Service Bureau directors, staff and volunteers from across Connecticut who support mental health and wellness, positive youth development, and prevention. This year's summit aims to foster a strong and collaborative foundation within the youth services community, recognizing the importance of adaptability and innovation in an ever-changing world. Sponsors and exhibitors can gain visibility and highlight how their products and services can enhance and support the important work done by YSBs.
